Gap Hill Wines only produces Verdelho because we have chosen to specialise in a variety that is demonstratively suited to our "hot" Stroud climate and heavier soils – our "*terroir*".

The "*boutique character*" of our Verdelho is important to us. We only produce a vintage when our grapes will produce a wine of high quality that is clean, fresh flavoursome and fruit driven.

We also take much delight in enjoying the subtle differences that come from seasonal nuances between the different harvests, and the beguiling aging characteristics of the older vintages.

Hence our boast – consistently good wine, subtle vintage differences.
